TRAINING & EDUCATION

Staff shall be trained on this plan upon hire and provided with refresher education annually thereafter.

Residents and/or their legal representative will be advised, on admission, that the current version of the emergency plans are available on the Home's website and a copy of such plans can be made available upon request.

TESTING OF PLAN

This plan shall be tested annually.

ACTIVATION OF PLAN

Upon discovering the emergency:

1. Pull the nearest call bell and alert nearby staff by shouting CODE BLUE;
2. Stay with the injured person
3. If no response to the call bell or the call for help, use the overhead paging system announcing CODE BLUE, home area, room number or location of the emergency, then return to the injured person. Repeat this announcement x3.

Upon announcement of the "CODE BLUE":

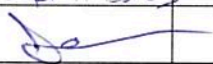

1. The professional nursing staff of the units will respond immediately to the location. The vitals cart, including a stethoscope will be delivered to area as well.
2. The unit Charge Nurse will go immediately to the area and direct the emergency scene until EMS personnel arrive.

The Charge Nurse on duty will direct the code and ensure appropriate emergency procedures are administered.

The Charge Nurse directs the Emergency Medical Services to be activated by calling 911 where appropriate. A staff member will be delegated to make the call, indicating the emergency, giving the injured person's name, date of birth, address to facility, and location of emergency and follow the instructions from the dispatcher. This staff member will receive the EMS at the front door and direct them to the location of the emergency.

The registered staff on the unit where the code is will:

1. Complete the transfer record and all appropriate paperwork deemed necessary for transfer.
2. If time permits, give a verbal report to EMS prior to transfer to hospital.
